Gubo / Slovakia

GUBO is Branislav Gubeliny, 27 years in age and a Dj from Košice which is the second biggest city in Slovakia. He has been a Dj since the year 2001, but got already addicted to Psytrance in 1999.

He can, without any doubts, be called one of the founders of Psy Trance culture in eastern Slovakia. He had started to organize parties in his city and slowly this resulted in the psychedelic scene Košice is nowadays known for. After two years he decided that he doesn't only wants to consume but as well to serve this music to people by playing as a Dj.

The secrets of mixing were shown him by one of the best techno Djs in Slovakia at that period of time, Roland Kadela, who led him to perfect, precise and flawless mixing skills. It didn't take long and Gubo started to be known across whole Slovakia and became one of the most wanted and booked Djs of Slovakia. Further on, his skills took him abroad. He has performed in countries like Germany, Great Britain, Austria, Czech Republic, Poland,

Ukraine and many more and is looking forward to rock some new destinations.

Define his style as Full On Psychedelic Trance with pumping fat bass and kicks. Combined with all his favourite melodies, it will make you dance as a hell.
